

Access Kanopy Today With Your Library Card!

We're thrilled to announce that Moffat Library cardholders can now stream movies, documentaries, independent films, and children's story times with Kanopy.

Every cardholder can stream up to five titles each month for free! That means if there are four people in your family with Moffat library cards, your family as a whole could watch 20 titles each month.

Just like other streaming services, Kanopy can be enjoyed on your phone, tablet, computer, most smart televisions, or cast through devices like Roku and Chromecast.

The Kanopy collection is curated to ensure that you always have access to thoughtful entertainment that inspires, enriches, and entertains. Explore the collection and start streaming today!
